The College

Hughes Hall is one of the 31 Colleges of the 800-year-old University of Cambridge, with a unique character that comes directly from our members. We’re one of just four Cambridge Colleges dedicated to undergraduates aged 21 and over and postgraduates. That gives Hughes Hall a very different feel from Colleges with younger students.

We’re the second-largest College for postgraduates, but we also have around 100 undergraduates and medical students. Overall, we have around 700 student members and 200 senior members.

We’re one of the most international Cambridge Colleges. We have students from more than 75 countries, and our senior members also come from all over the world. They include top academics, leading figures from government and the third sector, and senior executives in business, finance and law.

Hughes Hall is a College that bridges the academic and external worlds. Our mission is to use academic learning to bring about real change and growth in the world.

We started out as a women-only College for schoolteachers. Over time, we’ve widened both our student profile and our teaching. Today, we welcome students from every background
and every part of the world, many of whom are looking for a new direction in study, work or life.

We cover every subject, but we focus strongly on five areas that are all about solving real-world problems through training professionals and studying their associated academic disciplines: law (with philosophy); business (with economics); medicine (with the life sciences); engineering (with computer science, mathematics and physical sciences) and education (with social sciences).

Our atmosphere is open, friendly and communal. We don’t put up any barriers between students, academics and staff. Everyone works, talks and eats together. Unlike most Colleges, Hughes Hall does not have a High Table reserved for Fellows at mealtimes.

The College’s senior membership and staff form a diverse and experienced oversight, management, and support team for the College. The senior membership of Hughes Hall comprises a broad range of professional academics at all stages of their academic careers, from early career researchers developing their research profiles, to established Professors directing world-class projects and departments. The College’s Governing Body, which has overall responsibility for the College and is the committee of charity trustees for the College as a charity, is made up of a core group of ‘Fellows’. However, the broader senior membership, made up of Honorary, Life, and Quondam Fellows, as well as By-Fellows, Associates, Research Associates, and Visiting Scholars incorporates a wide range of scholars and professionals into the intellectual and communal life of the College. As a group, referred to collectively as the “senior membership”, these individuals represent the core academic, cultural and institutional leadership of the College community.

The wider community of staff includes individuals experienced in the wide range of skills and day-to-day support functions required in a large and complex educational institution.
