OPEN BUSINESS

9.1. Introduction

9.1.1. Welcome

The President welcomed Mr Grieve to the meeting and informed Council that Ms Farnworth would be joining for item 9.19 to field questions.

9.1.2. Declarations of interests

There were no declarations of interests.

9.2. Minutes and Matters arising from the Open Business of College Council, of 19 January 2022

9.2.1. Approval of minutes (CC9 01)

The minutes were approved as an accurate record.
9.2.2. College Council action list: Open Business (CC9 02)

- [8.12] CCE funding bid (under Any Other Business)
  The Bursar to set up a working group which would examine the costs and deliverables of the two funding bids.
  - Completed. (See item 9.10)

9.2.3. Matters arising not otherwise on the agenda

There were no other matters arising.

9.3. President’s report

The President reported that, following the Government’s recent announcement concerning the lifting of the remaining COVID legal restrictions, the parallel rules in College would no longer be enforced. However, members of the College community would be advised to stay at home if they had symptoms or tested positive for COVID, to consider wear face coverings in crowded indoor areas and asked to be considerate and thoughtful towards those who remained anxious about the removal of restrictions.

The President informed Council that, with the opening up of College, the new Conference Officer, the Programmes Manager, and the Head Chef would be meeting with College Officers to re-establish protocols for planning and booking events. In response to a question about setting up an automated room-booking system, Dr Sargent said that there was an online system for staff to provisionally book rooms (the booking to be approved by the Conference Office), but that it was not available to other members of the College. The Bursar acknowledged that the system for booking rooms ought to be more straightforward and that the issue would be addressed, although it was unlikely that there would be a quick-fix solution.

9.4. MCR business

The MCR President announced that the current committee would start a handover to a new committee during the Easter break in preparation for the official handover from the first week of the Easter term. He said that 24 students had shown interest in standing for election, which was an encouraging increase on the previous year. Hustings would commence from 2 March and the results announced on 5 April.

9.4.1. Proposed changes to the MCR constitution (CC9 03)

The MCR President informed Council that, in addition to the proposed changes outlined in the paper, further amendments to deal with a proposed change of name for the MCR (Middle Common Room) would be brought to the next meeting.

Council approved the following changes (the amended constitution is included in the appendix to the minutes of Open Business):

- Re-definitions of the Vice-President (Internal) and Vice-President (External) roles
- New role of Communication Officer (remit to include internal communications, formerly the responsibility of the Vice-President (Internal))
- Renaming of ‘Accommodation Officer’ as ‘House Officer’ and widening of the role’s remit to include catering and operational queries
Establishment of an Events Committee to comply with the new College protocols for running events

However, Council did not approve the proposal to divide the two Equality Officers’ roles between a new role, Equality, Diversity and Inclusion (EDI) Officer, and the Equality and LGBTQ+ Officer. It was argued that ‘EDI’ covered all protected characteristics, whereas LGBT+ covered a subset; subsequently there was a lack of clarity in the remit of each role. One suggestion for revision was to consider having a single EDI Officer with champions for each strand represented on the Equality sub-committee. Council also asked that the MCR reconsider the stipulation that the EDI Officer should be normally limited to a student who self-identified as being from an ethnic minority or having a disability, given the wider remit of the role and the lack of any such stipulation for other committee roles.

It was agreed that the MCR President would discuss further revision on these points with the MCR and then consult a subset of Council members via the Senior Tutor.

9.5. Unregulated undergraduate College fees for 2023-24 (CC9 04)

The Assistant Bursar presented the proposed College undergraduate tuition fee for 2023-24 for students who pay the unregulated fee (which includes all students with Overseas fee status, and students with Home fee status who are studying for a second undergraduate degree in subjects other than architecture, medicine, or veterinary medicine).

{REDACTED}

Council approved the proposed fee and the associated terms and conditions.

9.6. Accommodation allocation policy for 2022-23 (CC9 05)

The Bursar presented the Accommodation Allocation Policy for 2022-23. He explained that the proposed changes were minor (for example, updates to dates and further clarification of definitions), but that the principles of allocation remained unchanged from the previous year’s policy.

Council approved the Accommodation Allocation Policy for 2022-23.

9.7. Accommodation prices for 2022-23 (CC9 06)

The Assistant Bursar described the key factors determining changes to accommodation charges. He proposed a 4.0% inflationary increase for 2022-23 across all pricing bands with effect from 1 September 2022.

He explained that the proposal followed a review of expected costs for 2022-23 (which were particularly impacted by rising inflation and soaring energy costs) and a benchmarking exercise against student accommodation throughout Cambridge (described in the paper), as well as feedback from students and discussions with the MRC Committee.

Council approved the proposed accommodation fees for 2022-23.
9.8. Charges and fees for Hong Kong University Visiting Fellows for 2022-23 (CC9 07)

The Assistant Bursar spoke to the paper and explained that the charges for the HKU Visiting Fellows consisted of accommodation charges and a College fee.

Council requested further information concerning the setting of the fee component. It was agreed that the proposal be brought back to the next meeting.

9.9. Annual report of the Data Protection Officer for the Colleges (CC9 08)

Council received the report without discussion.

Appendix A: Memorandum of Understanding

Hughes Hall MCR Bar

1. Background
   1.1 The primary aim of the MCR Bar is to enhance the experience of current students of Hughes Hall.
   1.2 The MCR Committee believes that this can best be achieved by a student-run bar, meaning that all the staff employed to work at the bar are current students of Hughes Hall.
   1.3 The aim of the bar is to break even financially. However, the accessibility and affordability of the bar to our students should wherever possible take precedence over the profit motive of the bar.

2. Management Structure
   2.1 The Bar Manager will produce a monthly written report for the MCR Committee and Bursar.
   2.2 The report should outline monthly income and expenditure, feedback on any events (e.g. bops, parties), and any concerns the Bar Manager has.
   2.3 In addition, the Bar Manager will report in person to the MCR Committee meeting at least once per term (in Michaelmas, Lent and Easter Terms).
   2.4 Decisions on allocation of budget for the MCR Bar (including but not limited to stock ordering, maintenance, decorations, furniture, crockery and bar equipment) will be made by the MCR Committee upon advice from the Bar Manager.

3. Bar Manager’s Role
   3.1 To make recommendations to the Bursar on the appointment of new Bar Workers.
   3.2 To conduct orientation for new Bar Workers.
   3.3 To organise the rota of Bar Workers.
   3.4 To maintain stock levels of drinks (monitoring demand, ordering replacement stock and organising delivery as appropriate).
   3.5 To advise the MCR Committee on how to allocate the MCR Bar budget (considering maintenance, decorations, furniture, crockery and bar equipment).

4. MCR’s Role
   4.1 To plan, advertise and run events that are held in the MCR Clubroom. This includes advising the Bar Manager of dates of events, so that the rota can be adjusted as required.
   4.2 To take responsibility – both financial and logistical – for the upkeep of the MCR Clubroom, bar, equipment, and furniture therein.

9.17. Declarations of interests

9.18.1. Approval of minutes (CC9 16)
The minutes were approved as an accurate record.

9.18.2. Matters arising not otherwise on the agenda
There were no other matters arising.

9.19. Interim staffing review (CC9 17)
The Bursar spoke to the paper, which set out the case for recruiting additional staff to the Tutorial and Bursarial Offices following an interim staffing review. The additional costs were estimated to be £110k above the departmental budgets. The Bursar proposed funding the additional expenditure from a release of available contingency funds set aside for dealing with the pandemic.

The Bursar explained that following a review of staff structures and the recent IT audit it had become apparent that the several departments needed more staff. He proposed addressing the deficit in stages, initially with interim support, which would resolve some of the immediate needs but would also create the capacity to support the College Officers in conducting a more systematic review of requirements, to help with organisational design and to develop delivery plans.

The following posts, some interim, others permanent, were proposed together with the anticipated additional costs for the remainder of the financial year.
Academic and tutorial

Reasons: the increased need for additional staff has arisen from the recent overall growth in student numbers which have not been matched by an increased level of administrative support; an increased emphasis on student wellbeing with regards to mental health; and the imminent departure of the current Deputy Senior Tutor (Welfare).

- **Temporary - To assist with strategic development**
  A fixed term (up to 6 months), up to 0.5FTE role to work closely with the Senior Tutor to assist with the recruitment of new roles and defining future plans and strategic planning (for example developing Tutor roles, training programme).
  *Proposed salary up to £44,046 pro rata (Grade 8) – anticipated additional cost this year c.£25k*

- **Temporary - Administrative resource**
  A fixed term (up to 6 months), up to 0.5FTE role to provide additional administrative support to the Senior Tutor and Head of Education Services, in particular help with undergraduate admissions, student finance, scholarships, and accommodation.
  *Proposed salary up to £27,511 pro rata (Grade 4) – anticipated additional cost this year c.8k*

- **Temporary - College nurse – increased hours**
  The College Nurse (currently working 18 hours a week) to increase her hours to provide additional welfare resource for Easter term 2022. The additional hours still to be finalised but anticipated to be one additional day per week (moving to 24.5 hours).
  *Current salary £44,494 pro rata (Grade 8, spine point 51) – anticipated additional cost this year c.£2k*

- **Permanent – Head of Student Wellbeing**
  A new full-time role to have responsibility for all aspects of student welfare, liaising with the Senior Tutor, College Nurse, and Head of Education Services to develop policies and frameworks.
  *Proposed salary £40,322 to £44,046 (Grade 8, spine points 48-51) – no anticipated additional cost this year*

- **Permanent – Outreach and Communications Officer**
  A new full-time role to focus on widening the access for postgraduate and mature undergraduate students and communicating to Hughes students and other target audiences. The role to work across the Education Services and Communications departments.
  *Proposed salary £27,116 to £30,497 (Grade 5, spine points 34-28) – anticipated additional cost this year c.£7k*

IT Staffing

Reasons: the recent external IT audit has highlighted that some of the College’s key business systems are not fit for purpose and need replacing urgently; that there are serious weaknesses in the back-up processes which mean increased cyber security risk; and that overall resourcing levels need reviewing.
Further, the audit identified that there is neither a strategy nor roadmap to address these issues and no effective available resource to deliver such plans.

- **Temporary – Interim Director of IT**
  A fixed term (6-8 months), 0.8 FTE role with a brief to produce a roadmap for phasing out existing obsolete systems and developing a plan for implementing their replacement; to address immediate cyber security risks; and to help develop an IT strategy that meets current business needs, reduces risk, and increases resilience.  
  *Estimated cost c.£450 / day for 4 days a week for up to 5 months this year -- additional cost this year c.£43k (inc. VAT)*

- **Temporary – IT support staff**
  Additional day-to-day support to the existing IT team, which is already over-stretched, whilst the strategic review and system replacement exercise is underway.  
  *Estimated cost c.£150 / day for 5 days a week for up to 5 months – additional cost this year c.£18k (inc. VAT)*

**Finance Team**

Reasons: the departure of the Management Accountant and growing needs of the College including increased demand for financial support from the Bridge Centres.

- **Permanent – Finance Business Partner**
  The proposal is to replace the outgoing (0.6 FTE) Management Accountant (who reports to the Assistant Bursar) with a (1.0 FTE) Finance Business Partner who will report to the Finance Manager, thus giving the Finance Manager full oversight of all financial aspects of the College.  
  *Proposed salary up to £40k pa (Grade 7, spine points 43-48) – anticipated annualised increase cost c.£19k – anticipated additional cost this year c.£6k*

The Bursar requested that Council approve the Bursar and Senior Tutor proceeding immediately with recruitment, on the understanding that more detailed costings would be submitted to Council at its next meeting.

In response to a question as to whether there was a danger that the temporary posts would become permanent, the President confirmed that more staff would be needed, given the growth of the College, but that there would be sufficient income generated to cover the costs over time. The Bursar added that the need to address the issues raised in the IT audit was urgent, and that although it would not be necessary to permanently employ an IT Director, levels of support would have to rise given the current level of staffing of 1.5 FTE compared to an average for Cambridge colleges of 3.5 - 4.0 FTE.

The Senior Tutor responded that the College was the only mature college without an outreach officer and that with a resource of less than 1.0 FTE the College fell well behind the other colleges in communications provision. She said that the proposed increase in staffing for welfare provision was in line with the University’s direction and that of other colleges.

In response to a question about whether there was adequate staffing provision in HR, particularly in view of the rapid increase in the demands for recruitment coming from the Bridge centres and recent
high turnover of staff, the Bursar said that he did not disagree that HR was overstretched, and that he had plans to address this, but it was a matter of timing and prioritisation.

Council approved the interim request so that the Bursar and Tutor could progress with recruitment on the understanding that more detailed costing would be provided at the next meeting.

9.20. College Officers’ business
The President reported the following on complaints and disciplinary action:

- A long-term, ongoing claim against the College had finally been resolved: all claims against the College had been rejected and the College had been awarded costs.
- Following a complaint by a student, which had been rejected as vexatious, the Office of the Independent Adjudicator had absolved the College on all counts (other than making a recommendation for minor revisions to a college procedure).
- It was possible that there would be a claim for compensation following the spiking incident at the student bop.
- The Senior Tutor and the Dean were considering whether to bring disciplinary action against two students who had been in serious breach of the COVID rules, which would require the formation of a disciplinary panel.

9.21.1. Farewell events for the President (CC9 18)
Council approved commissioning artist, Benjamin Sullivan, to paint a portrait of Dr Freeling to commemorate his eight years as President. It approved the allocation of £10k from contingency funds towards the cost (estimated at around £14-15k including framing) and noted that the President and Mrs Freeling-Powers would cover the balance with a donation to the College.

Council approved a preliminary budget of up to £31k for a farewell party to be held on 25 June to celebrate the College’s achievements during Dr Freeling’s presidency and everyone’s efforts during the two years of the COVID pandemic. The Director of Institutional Advancement estimated that the event would be attended by up to approximately 400 senior members of College, staff, and guests. He informed Council that separate events would be held for alumni, including three virtual events and an afternoon party in College on 16 July.

It was agreed that a more detailed budget would be approved once plans for the event planned for 25 June were further developed.
